

PROJECT NO.:	2476.0001Y006	WEEKLY REPORTING PERIOD: Monday, October 15, 2018 through Sunday, October 21, 2018
PROJECT:	CFAC Phase II Site Characterization	
LOCATION:	Columbia Falls, Montana	

SUMMARY OF WORK COMPLETED

- Roux conducted background sampling at Surface Water Background Reference Area #2 (Cedar Creek upgradient of the Site) and collected surface water and sediment samples from 5 locations (CFBSWP-001, -002, -003, -005, -008 and CFBSDP-001, -002, -003, -005, -008) in accordance with the procedures outlined in the Background Sampling and Analysis Plan (SAP);
- Roux completed surface water sampling at 9 locations in Cedar Creek, the Backwater Seep Sampling Area, and the South Percolation Ponds (CFSWP-005, -018, -019, -029, -030, -031, -032, -033, and -060);
- Roux completed sediment sampling at 9 locations in the Backwater Seep Sampling Area and the South Percolation Ponds (CFSDP-005, -018, -019, -029, -030, -031, -032, -033, and -060);
- Roux completed porewater sampling at 9 locations in the Backwater Seep Area and the South Percolation Ponds (CFSDP-005, -018, -019, -029, -030, -031, -032, -033, and -060);
- Roux completed groundwater sampling at 17 monitoring wells and 4 production wells across the Site (CFMW-008a, -019, -021, -023, -026, -028, -033, -036, -044a, -045a, -048, -052, -053, -056b, -057b, -059a, -062, -065, -066, -064, and -069);
- All samples were sent to their respective laboratories outlined in the Phase II SAP and Background SAP for analysis; and
- Mike Ritorto and Laura Jensen (Roux) mobilized to the Site to complete field audits and participate in technical and public meetings. A project update meeting was held with CFAC, USEPA, MDEQ, CDM Smith, and Roux on October 17, 2018.

SUMMARY OF WORK PLANNED FOR NEXT WEEK / ANTICIPATED SCHEDULE CHANGES

- Roux will continue groundwater sampling during the low-water season.
- Modifications
 - No modifications to schedule or deviations from Work Plan, Phase II Sampling and Analysis Plan, or Background SAP.

HEALTH AND SAFETY NOTES

- Roux prepared a lesson learned report associated with sampling along Cedar Creek.
- Roux and Hydrometrics discussed hazards associated with sampling during the cold-weather season.

OTHER NOTES

- No other notes.

Prepared by Laura Jensen Of Roux
